## Architect, Residential

Every great building starts with a blueprint. In Tulsa, **Jack Arnold**'s Homes of Elegance is known for luxury house plans that provide

a detailed roadmap of their clients' dream homes. **John Duvall** of Duvall Architects creates homes that reflects his clients' lifestyles and tastes, and **Brian Freese** of Freese Architecture takes a personal approach to create homes and buildings with clean-lined

forms and open, light-filled spaces. **Alan Madewell** of Alan Madewell & Associates is well known for his larger home designs, but also does remodeling, additions as well as small to medium commercial designs.

**Rand Elliot** of Elliot + Associates is one of the top choices for readers in the Oklahoma City area and excels in modern, minimalist home designs. **Bruce Bockus** of Bockus-Payne Associates is considered an expert in designing luxury homes, and **Rick Chambers** of Fillmore and Chambers Design Group is known for designs characterized by their European influence, including massive brick gables.
